

# OTHER AREAS OF LEARNING

An exciting feature of the Junior Cycle is that it provides you with the opportunity to engage in a variety of Other Areas of Learning within your school community. These can include different sporting, cultural, scientific and social activities happening in the context of your school.

As you get involved in Other Areas of Learning in the life of your school, please record them using the grid below.

Activity	Teacher involved	Your role	Learning / Skill Achievement <small>(Key Skill = Working with others)</small> <i>I participated on the team that reached the Leinster finals.</i>	Teacher initials
